Notary Public: Order

Signature Pendulum (i4i) ≠ Flawed Exodus 21:24

A Judiciary system is the foundation of Pillars Parthenon of the sovereignty, if any, of any social entity. This seems to be triggered by an ET Hebrew being who strives with Gender-less God (creator of the Physical matter-of-Knowledge). This ET matter is in Yisrael who learnt by facts-of-logic to say (1750 BC):

- If (socio-individual sovereignty operates by nature), then (there shall be the collective sovereignty of evolve enviro-social ID)
- If (judgment), then (instance of evolve Timeless events);
- If (event prediction through the physical matter of knowledge), then (balanced judgment shall sustain system stability and control events of no History);
- If (number of Torah), then (management of caring);
- If (man is striving for Artificial Intelligence), then (it shall be the failure to understand & hold the physical matter of knowledge);
- If (man is not striving the physical matter of knowledge), then (odd number of judges shall be needed to make judgements);
- If (Artificial Intelligence of secondary knowledge is made available as the alterity), then (ultimate judgement shall be dependent on the odd number of experienced judges);
- If (Judiciary), then (Jury of qualified public shall be the norm);
- If (Jury function brain-of-worm), then (it shall be malfunction Judiciary system of the bias).
- If (Jury function qualified judges), then (ultimate judgement shall be accomplished by the AI system).
- If (just socio-economic learning), then (it shall be the time-less steady state of shining evolve sovereignty); and
- If (Signature Pendulum (i4i) ≠ Flawed Exodus 21:24), then (an impact shall accelerate ET Noah Arc-II civilization);
- If (GB brain-of-worm), then (it shall be woman=Biology+Sex, Exodus 2025 GB HM-CTS); and
- If {Yisrael Poem 1750 BC}, then {it shall be [Pendulum (i4i) ≠ Flawed Exodus 21:24] versus [Woman ≠ Biology + Sex]} <>
